## Statement of Evidence

Original corner set by Government survey and markers were pit and mounds.

On 7-18-2002, Gerald Vickermann dug a hole 10'x30' to find the corner. He found a wood post lying north and south at about mid-point, no stones or irons were located. He accepted the corner as being lost and set a iron T-bar midway and on line between the section corners.

On June 12, 2006 Bueltel-Moseng Land Surveying found an iron T-bar midway and on line.
