Statement of Evidence

EAST QUARTER CORNER SECTION 31, T106N, R39W OF THE 5th P.M.

In September 1858 W.J. Neely surveyed the east township line.

In July of 1861 J.W. Myers surveyed the north, south, and west township lines.

In August of 1861 Wellman & Smoot subdivided the township.

October 1926 - survey shows corner established midway.

An old undated survey of Section 32 notes a 10"x12"x16" blue stone located at the corner.

May 22, 2025 Bueltel-Moseng Land Surveying dug with backhoe at recorded distances found pieces of wood but nothing definite. After further investigation, there is fence line in tree line approximately 12 south of midway. Returned on May 23, 2025 and dug with backhoe and found a large blue stone. Stone is approximately 2' west of centerline and in line with fence line to the east.

June 10, 2025 Bueltel-Moseng Land Surveying placed a 5/8" iron with seal 43844 over stone.
