Statement of Evidence

NORTH QUARTER CORNER SECTION 13, T106N, R39W OF THE 5TH P.M.

In September 1858, W.J. Neely surveyed the east township line.

In July of 1861, J.W. Myers surveyed the north, south, and west township lines.

In August of 1861, Wellman & Smoot subdivided the township.

In November of 1914, J.W. Woolstencroft notes a Government Corner at the corner location.

On June 28, 2024 Bueltel-Moseng Land Surveying searched the area and found nothing. We returned on July 23, 2024 and dug a 6.5'x10'x5' deep in the centerline of the road and inline with established fence line to the south. We found nothing and nothing was recorded. Returned on January 29, 2025 and set a $\frac{5}{8}$ " iron with seal #43844 on line between the section corners and single proportionate with the survey from 1914. Corner fell in line with fence line to the south.
