MURRAY COUNTY RECORDER

Statement of Evidence

NORTH QUARTER CORNER SECTION 26, T106N, R39W OF THE 5th P.M.

In September 1858 W.J. Neely surveyed the east township line.

In July of 1861 J.W. Myers surveyed the north, south, and west township lines.

In August of 1861 Wellman & Smoot subdivided the township.

A survey by J.W. Woolstencroft dated July 19, 1898 notes a 6"x6"x16" stone at the corner.

A corner certificate filed by Perry Zieske, L.S. #23008, dated September 21, 2005 shows he found a large pointed field stone 8" below grade and placed a gin spike over top of the stone.

On June 28, 2024 Bueltel-Moseng Land Surveying found a gin spike at the corner, probed beside and hit stone beneath. Accepted the monument as the corner.
