OFFICE OF THE COUNTY RECORDER

County of Murray

I hereby certify that this document was filed in the Co. Recorders office at 10 A.M. on the 2nd day of February A.D., 19 88

County Recorder James V. Johnson
By _____, Deputy

DOCUMENT NO. _____

Statement of Evidence: W. 1/4 Cor. Sec. 10-108-42, Murray County

The corner was originally established during the Public Land Survey of Skandia Township during the 1860's.

Records from the Murray County Surveyors Book identified the corner as a stone at the government corner.

Records from the Murray County Highway Department described the corner as a steel pin with a P.K. Nail over the pin. The ties were as follows: 50.90 E.N.E. = Nail & disc in power pole; 50.19 E. = West edge of iron corner post; 53.73 W.N.W. = Nail & disc in corner post.

On December 14, 1987, I found a P.K. Nail in the bituminous paving in agreement with previous ties.

A handwritten signature in dark ink, appearing to be "D. M. ...", is located in the lower right quadrant of the page.
